

LHFCRC-SIR, REV 3

SUBCONTRACTOR INSPECTION REQUIREMENTS

The subcontractor is responsible for performing or having performed all inspections and tests necessary to substantiate that the materials or services furnished under this contract conform to the contract requirements, including all applicable technical requirements for the specified manufacturers' parts. The subcontractor shall prepare records evidencing all inspections or tests made and the outcome. These records shall be kept complete and made available to Lehigh Heavy Forge Corporation during the contract performance and for as long afterwards as the subcontractors' records retention schedule requires.

Lehigh Heavy Forge may perform reviews and evaluations as reasonably necessary to ascertain compliance with this paragraph.

Materials and workmanship of this order may be inspected and tested at any time and place before, during and after manufacture by Lehigh Heavy Forge and/or Government Inspection.
